

# More sustainable travel for Pelsis Group

Pest management product firm Pelsis Group is on a mission to have a more sustainable travel operation.

Industry: Pest products supplier

Location: Yorkshire, UK

Client Established: 2013

**“Corporate Traveller has offered support very quickly and communication has been great.”**

Hannah,  
Group Sustainability Coordinator  
@ Pelsis Group

## Background

- Pelsis is based in the UK but has offices and customers spread around the world.
- Group is sustainability conscious when it comes to travel.

## Solution

- Hannah, Group Sustainability Coordinator, has a goal for less travel.
- For unavoidable travel, wants to offset carbon through a verified scheme.

## Success

- Corporate Traveller introduces Hannah to Trees4Travel.
- Emissions data is calculated and sent to Trees4Travel so they can determine how many trees are planted per trip.

## Situation

- Travel is offset with UN CER renewable energy carbon credits and trees are planted to restore ecosystems, biodiversity and support local communities.
- Hannah and the team has access to a reporting dashboard to track progress.
